

PRESSURE WASHERS

Pressure washers are a handy tool for keeping home, yard, boats, vehicles, and more clean. Dirt, dust, mold, mildew and moss can be removed from almost anything with the high pressure water stream. A-iPower pressure washer models come with nozzles of various sizes: a zero-degree nozzle is designed for blasting tough mud and rust; a 25-degree nozzle is designed for general cleaning; and the soap nozzle is designed for use with detergent for extra dirty jobs. Quick connect spray tips have predefined spray patterns for precise control from pinpoint to wide fan. Pressure washers have PSI and GPM ratings.

The PSI (pounds per square inch) rating is the maximum amount of force (pressure) discharged by the pressure washer. The higher the PSI, the more cleaning power available and the more things you will be able to clean.

A pressure washer's GPM (gallons per minute) rating refers to the water flow during one minute of operation. The higher the GPM, the faster you will be able to clean.

The pressure washer is a powerful tool. When operating a pressure washer, always wear goggles and never point the spray at another person, pet, or yourself. Critical injuries can result.

OVERVIEW

APW2700

PRESSURE WASHERS

- 2,700 PSI, 2.3 GPM
- 196cc/6.5hp Engine
- High-Efficiency, Axial Cam Pump
- 25-Ft. Hose
- 3 Quick-Connect Nozzles
- Warranty: One Year Limited

Model	APW2700
UPC Code	851217006121
Maximum Pressure	2700 PSI
GPM	2.3
Cleaning Power (PSI x GPM)	6210
Pump Type	Axial Cam
Pump Material	Aluminum (Body & Head)
Engine Type	A-iPower OHV Horizontal Shaft
Engine Displacement	196cc/6.5hp
Starting Method	Manual
Lubrication	Splash
Low Oil Shutdown	Automatic
Crankshaft	42CrMO, Q-type
Fuel Capacity	0.95 gal. (3.6 L)
Oil Capacity	0.63 qt. (0.6 L)
Quick connect Nozzle	3 (0°, 25°, Soap)
Spray Gun	Yes
High Pressure Hose	25 Feet (7.6 M)
Built in Detergent Siphoning Tube	Yes
Detergent Tank	No
Durable Tubular Steel Frame (Dia.)	1.1 in. (28 mm)
Foldable Handle	Yes
Wheel Kits	8-in. Never Flat Factory Built-in
Assembly Dimension	28 x 17.5 x 33 in.
Packing Dimension	20.3 x 17.5 x 19.7 in.
Gross Weight	59 lbs. (27 kgs)
Net Weight	57 lbs. (26 kgs)
Warranty (Residential Only)	1 Year (Labor and Parts)
Emission Certification	EPA
